Salvo is a convinced atheist and a thief of religious art. Father Valentino is a good-hearted priest who is very committed in preparing the live nativity scene in the small village they both live in. Salvo tries to steal the statue of baby Jesus that Valentino is going to use for the nativity scene and, chased by the priest, enters in a thick cane field. But the forest turns out to be a magic portal and throws the two men back in time, in the Palestine of Year Zero! In a fantastic journey in this faraway world, Salvo and Valentino will get involved in a slaves uprising, will have to fight against lions and escape the evil Herod, in order to save themselves and to protect the life of baby Jesus.
